THE PLACES TO LIVE FOR HIGH EARNERS

Caribbean & Latin America Best *100*

NOVEMBER 2026 EDITION

No. 2 HAMILTON, BERMUDA

PATRICIAN.CH · THE CARIBBEAN AND LATIN AMERICA: 100 BEST PLACES TO LIVE · 2026

FROM THE PUBLISHER

The 100 best places to live in the Caribbean and Latin America, *ranked*.

This is the November 2026 edition of The Caribbean and Latin America: 100 Best Places to Live, published by Patrician.ch on November 6, 2026. It is written for one reader: a high earner, and the family that moves with them.

A high earner on $500K a year over 10 years, with no liquidity event, entering each place by its standard route for a foreign national. Income tax is modeled for one earner, and schools count in full. Each place is scored out of 100 on 5 pillars and 24 categories, with no weight on distance from home.

A place earns its rank on how safe it is, how it is governed and how free its residents are, what a resident keeps of what they earn, the hospitals, schools and airport a family uses, and whether the people who could live anywhere choose to live there. A place of this edition that is not on the world list is scored on the same scale as the 100 that are, so a score reads the same in every edition.

Firms pay for software. No firm can pay for rank. Each figure in this report is read from the Patrician.ch board on the day it was printed, and each category names its source in the pages on the method. The list is published 4 times a year, on March 1, June 1, September 1 and December 1. The next edition is published on December 1, 2026.

OUR METHOD

The Patrician.ch *Formula*

A high earner on $500K a year over 10 years, with no liquidity event, entering each place by its standard route for a foreign national. Income tax is modeled for one earner, and schools count in full. Each place is scored out of 100 on 5 pillars and 24 categories, with no weight on distance from home.

1	Safety and freedom	How safe a resident and their assets are, and how free: safety, rule of law and freedom.
2	Wealth	What stays yours, and who else is there: kept after tax, resident wealth, millionaire growth, millionaire migration and cost of living.
3	Business	What it takes to build or move a company there: corporate tax and competitiveness.
4	Life	How the days run: healthcare, schools, infrastructure, happiness, English, air links, route in, clean air and traffic.
5	Luxury	Where the wealthy choose to live and spend the season: luxury and society, prestige of address, dining and culture, beauty and sun.

Each category is put on one scale, the mean of the world list at 50 and 1 standard deviation at 20 points, and the categories are combined on weights of our own into one score out of 100. A place of this edition that is not on the world list is scored on the same scale, so its score reads the same as a place that is. A rank shown with = is shared.

Bands: Leading 62 and above, Strong 54 to 61.9, Competitive 44 to 53.9, Trailing below 44. Firms pay for software. No firm can pay for rank. The method in full, with every source: patrician.ch/rankings/methodology/

ANGUILLA, ANGUILLA

The flattest, whitest island in the Leewards, and the only place in the Caribbean where a fixed US$75K a year buys a certified tax home. Years of real residence can end in a British passport.

WHY IT RANKS 9TH

Best in =1st Corporate tax and =1st English. Its strongest pillar is business, =1st of 100, and its weakest life, 46th.

THE MONEY

A resident on $500K a year keeps $5M over 10 years after income tax, 0% of income. There is no tax on private capital gains. The cost of living is 95 on an index where Zurich is 100.

THE ROUTE IN

Two routes that do different things. The High Value Resident program sells a fixed annual tax bill of US$75K in place of all other taxation, committed for 5 years, with US$400K of local property and 45 days a year on the island. Permanent residence by investment runs from a US$150K contribution or US$750K in real estate held 5 years. After 5 years actually living on the island, with no more than 450 days away, the Governor may grant British Overseas Territories citizenship, and a BOTC can then apply to register as a British passport. Neither route can break your home country tax position. Anguilla sits on Annex I of the EU list of non-cooperative jurisdictions, still there at the October 9, 2026 update, which in practice means heavier bank due diligence on European money.

THE LIFE

Safety 7 of 10, schools 5 of 10, healthcare 4 of 10, air links 4 of 10, 2,900 hours of sun a year. Nearest emergency department under 1 km away. No hospital within reach is in the 2026 Newsweek lists.

A DAY

07:00, Meads Bay. A mile of empty white sand before the hotels wake up.

10:00, The Valley. The bank, the registry, the lawyer. The whole administrative island is 4 streets.

13:00, Sandy Ground. Lunch on the bay. The ferries to St Martin leave from Blowing Point on the south coast.
